Last Friday, Grade 6 travelled to Korumburra to play winter sport against Korumburra PS. Students had a range of sports to choose from: basketball, volleyball, netball, soccer, T-Ball and football.

We had mixed results. Some teams won and some teams lost but it didn't matter. Everyone had heaps of fun. Some of the highlights included Mitchell being an awesome goalie in soccer and Naomi hitting a home run in T-Ball. Mia played amazing defence in basketball and did not give up. Grant got lots of rebounds in basketball and Jacob shot some goals. Rhys played well in football and Mia D was a really accurate goal shooter in netball. Everyone showed great sportsmanship. It was a brilliant afternoon.

This week, Inverloch PS is visiting us to play the next round of winter sports. We can't wait.

Jacob Stewart and Grant Munn
A lucky few, very enthusiastic, grade 3s have been recruited to the Lóng (dragon) Club, a not-very-secret society that is being run by the talented and dedicated grade 6 Languages Captains. In the first two sessions, held on Thursday lunchtimes, we made firecrackers (biān pào) and practised Chinese characters on magic mats.

Parents – why should your daughter try Girl Guides?

Recently your daughter had a presentation on Girl Guides so that she now knows what fun Guides can be, but Girl Guides is so much more.

Do you want your daughter to develop her leadership skills, learn to serve the community, challenge herself in the outdoors, develop her ethics, make new friends and develop self-confidence, as well as having fun? These are all fundamentals of the Girl Guide program.

One of the great things about Guides is it is for girls only. We can do what girls want to do and how they want to do it.

Your daughter can come and try Girl Guides at Leongatha for two free weeks to find out more about our program

Leongatha Lyrebird Guides, for girls in grades 1 to 4,

Wednesday night from 5.00pm to 6.30pm at the Guide hall, A’Becket St, Leongatha.

Leongatha Lizards Guides, for girls in grade 5 and above,

There is no peace in the family as her suffering increases. There can be no peace in the community as her suffering envelops all. For the woman, there can be no peace as her illness affects her body – her relationships – her fears for the future and when the pain is too much, it affects her dying process – she is robbed of the opportunity to die with peace and dignity.

Many of us who have daughters, sisters, wives and mothers have the privilege of being able to take them for medical care if the need arises. Spare a thought for the women of Cambodia who do not have this privilege, which we call ‘Health Care’.
