**LPS values Tolerance and Understanding, Respect, Responsibility, Excellence, Inclusion, Honesty, Care and Trust.**

## TEACH THEM RESPONSIBILITY

If we, as parents, can instil a sense of responsibility in our children then that will in turn develop an intrinsic motivation to do the right thing, this will lead them to grow and become successful. Whilst the word responsible doesn't contain the letter 'a' it could be written as responsAble or able to respond.

To help them become responsible human beings we should encourage them to focus their efforts on the following:

- Showing respect for the rights of other people
- At all times to do the 'right thing' as determined by the norms of our society.
- Always obey the laws of the land.
- Don't avoid the results of their behaviour but remain accountable for what we have done.
- Act appropriately to their age.
- Work towards being able to rely on their own abilities and efforts.

As we know children predominantly learn their values from their parents and they do this by observing us in our everyday lives. If we tell our children to not do something whilst doing it ourselves then our actions will speak louder than our words. They will learn to respect other people when they see us consistently respecting other people and so on.

If we demonstrate a respect for school and teachers by encouraging our children to work hard at their studies then they too will mirror that respect for school and learning. They will grow and develop a sense of responsibility towards education as well as learning to see the value for them-selves as they grow older.

are excited to announce that we are one of the lucky 2016 Picasso Cow Makeover Program Finalists. **Congratulations!**

LPS joins five other finalists from across Australia in the contest to become the Picasso Cows Makeover National Champion.

We will be in the running to win the national prize of \$2,500 which will be announced in November.

## DAIRY ASSISTANCE FUNDING 2016

In 2016 the Victorian Government implemented a response package to assist dairy farming families. This included assistance for primary and secondary students attending schools (government and non-governments) where one or both parents:

- own an operating dairy farm;
- are share farmers on a property primarily operating as a dairy farm;
- hold a lease for an operating dairy farm;
- work as an employee on an operating dairy farm and this is their main source of employment.

This one-off payment of \$375 per student is only available in 2106 and will be paid to the school for eligible students. The CSEF eligibility criterion is being extended consistent with the 2016 drought

Families that have previously qualified for the 2016 CSEF Drought assistance are not able to also access the CSEF Dairy assistance funding. The Dairy Assistance CSEF payment will be paid to the school that the student is currently enrolled at the start of Term 3 2016.

**Eligibility for the dairy assistance is outlined on the application form. Parents can apply for the dairy assistance funding by completing the application form and lodging it with their child's schools by 18 November 2016.**

Applications are available at the office or can be downloaded on compass or our webpage under the parents tab and select Forms.
