

Leongatha Primary School - iPad to remain at school

Grade 3 - 6

Revision date: February 2019

Leongatha Primary School runs a 1:1 iPad program for students in grades 3, 4, 5 & 6. We believe this is an exciting opportunity to have access to the best available technology for academic and creative purposes. The school will provide new students with an iPad and educational apps. With this iPad comes some responsibilities that must be accepted by both the parent and student. In summary:

- The iPad must be returned to the school in good condition if your child transfers from the school prior to the completion of Grade 6. On completion of Grade 6 you may purchase the iPad for a small donation or return the iPad.
- All damage to the iPad is your responsibility to repair, or in extreme circumstances, replace the entire iPad. Replacement devices can be purchased on the Leongatha Education Precinct Education Advantage Portal (<https://lep.eduadv.com.au>)
- The student is responsible for all damage to the device regardless of how the damage occurs.
- Hardware failure beyond the warranty period is the responsibility of the parent - hardware damage is not covered by warranty. (<https://www.apple.com/au/legal/statutory-warranty/>)
- Inappropriate use of the iPad will mean the device is confiscated for a period of time to be determined by the Principal.
- Parents will be notified of all confiscations.
- Parents are to ensure that the students can not access inappropriate sites or content when connected to their home network.
- Please restrict use by other family members.
- The iPad will have 24/7 access to the school network if it is located within the school grounds.
- The school will determine which Apps will be installed on the device. Additional apps can be installed - **this is at the discretion of the parent / guardian**. It is the parent / guardian's responsibility to manage these apps and the associated account(s). Apps required for use at Leongatha PS will take priority over apps that are for personal use.
- Parents / guardians & students are responsible for backing up their own data.

Request for iPad to remain at school

iPads will automatically go home with students everyday (7 days a week) unless the school has been notified and this form has been completed and returned to the general office. It is the parent / guardian's choice to have the iPad remain at school and the student's responsibility to leave the iPad at school. It is important to remember that as a parent, it is your right to set up rules and expectations around the appropriate use of the iPad at home. Students will rarely be required to complete homework or additional research on the iPad at home.

The eSafety Commissioner website is a fantastic resource for families - <https://www.esafety.gov.au/>

Please sign the consent form below if you want your child's iPad to remain at school instead of coming home each night. This form needs to be returned to the office.

Student's Name: _____

Parent / Guardian's Name: _____

Date: _____

Parent / Guardian's Email: _____

(Student's Signature)

(Parent / Guardian's Signature)
